

St Peter's Out of School Club News Spring Term 2018

Dear Parents/Carers,

Welcome back! We hope you all had a lovely and restful break and wish you all a happy new year! The early starts on the cold dark mornings can be a struggle but hopefully they are not proving to be too difficult. We enjoy seeing all the children that join us for Breakfast Club and are pleased that we get to help them wake up and warm up with breakfast and early morning conversations.

It is so lovely to hear about all of the adventures the children enjoyed over the holiday period. They have spent lots of time sharing their stories with the other children and staff members. Many of them seem to have grown a lot and have settled back into school and the daily routine well.

What's been happening at the Clubs?

Over the Christmas term we made so many amazing things using a variety of different materials and methods. The children produced such lovely and unique gifts, cards, decorations, etc. They made these not only for themselves and family members but also for the PTFA to sell at the Christmas fair as a way to help them to raise money for the school. Thank you to all who helped with this by purchasing some of our items or providing additional ideas and materials for our craft activities. We hope you enjoyed the finished items as much as we enjoyed making them.

We had a fantastic time at our After School Club Christmas party on the last day of term! We played lots of party games and had chances to win sweets and chocolate throughout the session. We also ate a lot of party food as well as our healthy snack.

We have started to use the school's Twitter and Facebook accounts to upload pictures and to keep everyone updated with up and coming events or to share what we have been enjoying during the OOSC settings. We are still learning how to use both of these forms of social media so please bear with us as there may be some 'technical' issues! We are aiming to have this as a child lead activity with adult supervision. The children will decide what is shared and how.

As the themed Christmas craft days were such a success we will offering other themed days over the coming year and hope to see many of our children join us for this but also some new faces. We would like to do a few cooking/baking days as well as some design technology using textiles and other materials.

Thank you again for your support and co-operation as we begin what we hope will be a fun filled and busy 2018!

Yours Sincerely
