Opal News

2026 – 27: No. 6; 16th October

Football has been a big hit this week, with boys and girls coming together to enjoy the game on the playground! The children have loved practising their kicking skills, passing to their friends and having a go at scoring goals. Basketball has also been enjoyed, with the children practising their throwing and aiming skills. It has been lovely to see everyone getting involved, working as a team and developing their confidence through play.
